FIXING HIS FENCES

One Candidate For Commonwealth's Attorney in the City Yesterday

Mr. Joseph D. Pumphrey, the Democratic candidate for Commonwealth's Attorney from Fleming county, accompanied by Attorney William Hussey, was in the city yesterday consulting with friends in regard to the candidacy of the former.

The old Democratic ship is having a strenuous time in maintaining her equilibrium in the tempestuous political sea in this District in which the old hulk is now being tossed.

It matters little whether it be Pumphrey or Hennessey that heads the Democratic ticket this fall. All the Republicans have to do is to nominate a good man for the place and he will be elected by an overwhelming majority.

CONVENTION

Close of a Most Delightful Meeting Yesterday at Flemingsburg

The Twelfth District Sunday-school and Missionary Convention closed a two days session at Flemingsburg yesterday.

In point of attendance, enthusiasm and speeches, this Convention was the climax.

The outgoing officers were: R. E. Moss, President, John E. Walton, Vice-President, C. L. Sallee, Secretary, and Miss Ethlene Smith, Statistician.

The incoming officers for ensuing year are—George H. Frank, President, W. P. King, Vice-President, Miss Daisy G. Greenwood, Secretary, and Miss Ethlene Smith, Statistician.

Mr. Frank created a sensation, after he had, in spite of his protest, been elected President by acclamation, by offering to give any young woman \$50 to take his place as President and relieve him of the onerous duties of that office.

The offer created quite a breeze but no one accepted it.

Mrs. L. M. Mills was repeatedly complimented on her tact and ability as Presiding Officer of the C. W. B. M. on Wednesday.

The local hospitality was unbounded and all report a great Convention.

The Convention will meet at Mill Creek Christian Church next year.

Mrs. S. If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by all Druggists.

THE "rank and file" of the Chicago teamsters—the men who really feel the force of the strike—are about to oust Mister SHEA, President of the Trouble.

THE Fourth of July campaign opened all right at Covington Wednesday. A small boy, a brick and a torpedo had an inning. It was hard for the Coroner to tell which was the most thoroughly "scattered," the torpedo or the boy.

At a meeting of the Central Labor Council, held in Cincinnati, a committee was appointed to wait upon the Board of Education and protest against the introduction of manual training into the Public Schools of that city. The members of the Council express fear that the manual training system will result in boy craftsmen, who will replace the older ones in the shops and at lower wages. With the restrictions that so-called Labor Unions have placed upon the introduction of apprentices into the various trades, and the demand now made that the Public Schools be closed against young men who desire to learn mechanics, the arrogant Labor Trust will entirely eliminate skilled workmen in a few years. Indeed, time was when a Card of Membership in a Typographical Union was a certificate of competency; it is now simply a notification that the employer must pay a stipulated sum per week, generally to a "botch" who couldn't hold a job on a country paper in a small pica town.

This little sermon to parents is from The Boston Transcript—

"Don't speak roughly to your little boy. Fourth of July is coming, and your little boy may not be with you much longer."

THAT Chefoo liar isn't a patchin' to the Owingsville product. The latter has discovered and has told the city dailies of more wonderful happenings in Kentucky than the Chefoo man could hope to find in all the Orient. His last triumph is a dispatch to The Times-Star telling of the destruction by storms of the rice crop in Bath county. Just think of rice growing on the big hills around Owingsville!

THE question of Chinese exclusion from the United States continues chiefly to occupy the attention of the Chinese. A dispatch from Peking says the depth of feeling manifested astonishes foreigners, and is regarded as an evidence of the growth of a National sentiment of public spirit which five years ago would have been inconceivable. Among many instances cited as evidence of this, it is said that a Chinese comprador has refused a lucrative appointment with an American company. Advertisements of American goods continue to be refused by the native newspapers, and letters and telegrams from all parts of China, as well as from abroad, are being received urging the Central Government to take a firm stand. In the meantime, American manufacturers are suffering from the boycott of American goods; and when American manufacturers are compelled to shut up their factories from lack of orders, then the "pinch" will begin to be felt by American workmen.

Sleep impossible with scratching Eczema diseased feet and ankles.

Read what this Indianapolis man says and believe that this is more than medicine talk.

Indianapolis, Ind., May 23, 1904.
About two years ago I had a bad case of eczema on my hands, which later broke out on my feet and ankles. Nobody knows what I suffered as I lay awake at night trying to devise some way to keep from scratching the diseased places. I tried physicians, but got little or no relief. I tried patent remedies with like results. I began to feel it was almost incurable, when I was induced to try a bottle of D. D. D. The effect of the first application was worth many times the price of one bottle. I continued using D. D. D. for six weeks and I was completely cured. I have never had any signs of recurrence of the disease.

will as surely cure you as it did him.

Such misery now cleared away as surely as the sun shines above. Not merely attempted, not a matter of improvement merely, not a temporary relief—but a clearing of it all away absolutely and permanently.

The D. D. D. Prescription, a specific formula, put up in sealed bottles with authentic label at \$1.00 per bottle, has proven to be the only certain cure for these diseases. Its record of cures is astonishing, amazing, almost miraculous. It is a liquid, used externally, non-greasy.

The Brahmin's clocks divide the day into sixty hours of twenty-four minutes each, called ghurees. Commonly a copper bowl with a very small hole in the bottom of it is placed on the surface of the water and is gradually filled. If the hole in the bottom is correctly sized the bowl sinks in twenty four minutes. This registers the duration of the ghuree. An attendant thereupon empties the basin and strikes the hour of the day or night on the gong.

ALL SICK WOMEN

SHOULD READ MRS. FOX'S LETTER

In All Parts of the United States Lydia E. Pinkham's Vegetable Compound Has Effected Similar Cures.

Many wonderful cures of female ills are continually coming to light which have been brought about by Lydia E. Pinkham's Vegetable Compound, and

through the advice of Mrs. Pinkham, of Lynn, Mass., which is given to sick women absolutely free of charge.

Mrs. Pinkham has for many years made a study of the ills of her sex; she has consulted with and advised thousands of suffering women, who to-day owe not only their health but even life to her helpful advice.

Mrs. Fannie D. Fox, of 7 Chestnut Street, Bradford, Pa., writes:

Dear Mrs. Pinkham:—
"I suffered for a long time with womb trouble, and finally was told by my physician that I had a tumor on the womb. I did not want to submit to an operation, so wrote you for advice. I received your letter and did as you told me, and to-day I am completely cured. My doctor says the tumor has disappeared, and I am once more a well woman. I believe Lydia E. Pinkham's Vegetable Compound is the best medicine in the world for women."

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. She asks nothing in return for her advice. It is absolutely free, and to thousands of women has proved to be more precious than gold.

U. S. soldiers who served in Cuba during the Spanish War know what this disease is, and that ordinary remedies have little more effect than so much water. We had several doctors, but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all Druggists.

SUDDEN DEATH

Mrs. Holt Kendall of Fleming Expires of Bright's Disease

The uncertainty of life was forcefully demonstrated in the sudden death of Mrs. Holt Kendall at her home near Flemingsburg Wednesday afternoon.

She was apparently in the full flush of perfect health, and when her husband arose from the dinner table she informed him that as soon as she cleaned up her dinner dishes she would come out in the field and watch the machine cut wheat.

She failed to appear, however, and when the husband came home in the evening he found her lying prostrate on the floor, life having been extinct for several hours.

Her death is said to have been caused by Bright's disease.

The deceased was greatly beloved, and her untimely death has caused deep sorrow in the community.

STATE COLLEGE of Kentucky, Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering and Mining Engineering, each of which extends over four years and leads to a degree. Post-graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty Professors and Instructors. County appointees receive free tuition, room rent in dormitories, fuel and light, and if they remain ten months traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering, instruction in science and arts.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing, in any proper sense, university work. The completion of the College Home for Young Women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bathrooms and rooms for physical culture. It is heated by steam and lighted by electricity. An opportunity is thus afforded to young women of obtaining a thorough education in classics, modern language, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the state offers advantages for education of women at all comparable to those offered by the State College of Kentucky. For catalogue, method of obtaining appointments, information regarding courses of study and terms of admission, apply to JAMES K. PATTERSON, PH.D., LL.D., or to D. C. Frazer, Business Agent, Lexington, Ky. Fall term begins September 14th, 1905.

Death Sunday Last of One of Lewis County's Noblest Women

Mrs. T. B. Harrison, known to so many people in this section, died at her home at Kinniconick last Sunday evening after an illness of several weeks.

Mrs. Harrison was formerly Miss Mary Elizabeth Vorheis, a daughter of Dr. A. D. Vorheis, and was born in Prattsburg, N. Y., July 13th, 1841.

She was united in marriage on December 23d, 1863, to Thomas B. Harrison, who, with two sons—Thomas of Paducah and Ralph of Kinniconick—and one daughter—Mrs. S. B. Grimes of Cincinnati—survives.

Mrs. Harrison was one of Lewis county's most beloved women, noted for her noble character and kindness of manner.

The remains were laid to rest Tuesday in the Cemetery at Vanceburg.

STRENUOUS JOURNEY

Recent Marriage of Miss Maude Willis to Chas. Throckmorton

The Dover News says Charles Throckmorton of Mt. Olivet and his bride, who was Miss Maude Willis of Quincy, arrived in Covington Friday, and sent telegrams to their parents telling that they had been married under difficulties of a strenuous nature.

Miss Willis is a daughter of a Methodist Minister, who objected to the match. Some time ago she secured employment in a millinery store at Maysville, where she met Throckmorton, who was her sweetheart in their younger days. Her father learned of their engagement and sent her a telegram ordering her to come home.

Instead she met her sweetheart, crossed the river to Aberdeen and drove with him to Ripley in a blinding rain. Unable to secure a license there they went to Georgetown where the nuptial knot was tied. They went from there to visit relatives at Covington.

PSORIASIS AND ECZEMA

Milk Crust, Tetter, Ringworm, and Scalled Head, and Every Form of Torturing, Disfiguring Humors from Infancy to Age.

CURED BY THE CUTICURA REMEDIES

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter, and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures and humoral remedies of the civilized world.

CAPT. GRAHAM'S CURE

Of Distressing Humour.

Captain W. S. Graham, 1321 Eoff St., Wheeling, W. Va., writing under date of June 14, '04, says: "I am so grateful I want to thank God that a friend recommended Cuticura Soap and Ointment to me. I suffered for a long time with sores on my face and back. Some doctors said I had blood poison, and others that I had barbers' itch. None of them did me any good, but they all took my money. My friends tell me my skin now looks as clear as a baby's, and I tell them clear as a baby's, and I tell them Cuticura Soap and Ointment did it."

Cuticura Soap, Ointment, and Pills are sold throughout the world. Puter Drug & Chem. Corp., Boston, Sole Props. Send for "How to Cure Every Humour."
